

# Core CSS Principles

- Strive towards a shared stakeholder vision to provide a basis for decisions
- Demonstrate a comprehensive understanding of contexts
- Foster continuing communication and collaboration to achieve consensus
- Exercise flexibility and creativity to shape effective transportation solutions, while preserving and enhancing community and natural environments

# Highlighted Case Studies

- Cottonwood Street Environmental Assessment – Utah
- I-70 Mountain Corridor CSS Design and Aesthetic Guidelines – Colorado
- Russell Street Reconstruction Project – Montana
- Reconsidering the Curve – Idaho
